Thank You For Your Support!

1000 ISLANDS ENVIRONMENTAL CENTER 2021 BIRD SEED SALE

1000 Islands Environmental Center is holding a bird seed sale to offer quality seed to those who want to support wild birds this winter and the 1000 Islands Environmental Center. All proceeds from the bird seed sale will be used to support the educational conservation programs offered to the community by the Nature Center. We've partnered with Black Otter Supply of Hortonville to offer the highest quality seeds to attract wild birds to your feeder.

Bird Seed Available to Purchase:

Black Oil Sunflower

100% whole sunflower. Sunflower seeds attract a variety of songbirds including cardinal, grosbeak, chickadee, goldfinch, bunting and more.

Black Otter Premium Mix

This is Black Otter's original signature mix and the recipe dates back to the 1950's. This Mix is ideal for all wild birds. Ingredients: Black oil sunflower seed, cracked corn, sunflower fine chips, white millet, safflower, red millet and specially blended oils.

Black Otter Supply – "Create the Feeder Frenzy!"

Since it's beginning in 1954, Black Otter Supply has been providing top of the line speciality bird mixes and straight seeds. Specializing in wild bird food, they only use a special blend of oils and quality seeds to attract a wide variety of wild birds.

Keep Your Bird Feeder Clean

- Clean feeders and bird baths with soap and water at least once a week, then disinfect with a 10% bleach solution to prevent potential infectious disease spread between birds and other wildlife.
- After cleaning, rinse well with water and allow to air-dry.
- When handling bird feeders and baths be sure to wear disposable gloves and wash your hands when finished.
- Keep pets away from sick or dead birds as a standard precaution.
- To dispose of a dead bird, place the bird in a sealable plastic bag and discard with household trash. This will prevent disease transmission to other birds and wildlife.
